

February 25, 2016

Hello everyone: I hope everyone is doing well after the storms and heavy winds. So, what does the weatherman is guessing for us. For tomorrow Friday: 50 degrees, 15 mph winds NW, Sunny. Saturday: Mostly sunny, 52 degrees, 2-7 mph winds W. Sunday: Sunny, 9-11 mph winds SSW with 63 degrees. So, right at this moment, the extended forecast tells us Saturday is the day to fly as it will be the least windy day. Sunday does not look too bad though a little bit more wind. See you at the field. If anyone is attending the BARKS Swap Meet on Saturday, I will most probably see you there before noon.

Reminders:

RAMS WINTER BUILD EVENT 2016 : SATURDAY, April 23, 2016 starting at 1:00PM. GET BUILDING!! The build theme is the **THE RAMS PIC-A-NIC BUILD** where any aircraft, from balloons, multirotors, rockets, helicopters or airplanes can enter.
