

July 7, 2016

Hello everyone: WOW! It is going to be a scorcher! Keep hydrated. No rain so far on the forecast for the weekend. Friday: 95 degrees, 6 mph winds W, mostly sunny. Saturday: 95 degrees, 8 mph winds W, mostly sunny. Sunday: 91 degrees, 91 degrees, 6 mph winds WNW.

Reminders:

MOWING DAY: This Saturday (July 9, 2016) at 9:00AM. We need riding mowers. Those of you that can also bring a gas trimmer to edge the runway, pilot stands and the fence it would be great. A blower would also be useful for the runway and pilot stands. So, lets get together and get the field in tip top shape. If you don't have any gardening equipment, just come to move benches and airplane stands out of the way of the riding mowers. Otherwise just come for moral support and supervise the work. On arrival, check with Gary or JT about what is needed. And like always, when we are done, there is the ever so entertaining after mowing debriefing and who knows, maybe we can go out for lunch. See you there!

RAMS AUGUST CLUB MEETING: Sunday, August 7 at 3:00PM.

That is all. See you at the field and have safe fun flying!!!
